In presenting you this new 1930 BEARING DATA BOOK we are supplying you the most complete catalog that has ever been issued covering New Departure, Hyatt, Timken and other makes of Ball and Roller Bearings. It replaces the orange cover book of similar size as issued a year ago.

As distributors for New Departure, Timken, Hyatt, ATB Thrust and other makes of bearings - we are able to supply practically any requirements in Ball and Roller Bearings. In our many years of distributing Ball and Roller Bearings we have accumulated all possible information and data on obsolete and uncommon makes of bearings so that we can supply your requirements promptly from stock.

Special catalogs are available on many lines we distribute which include:-

NEW DEPARTURE BEARINGS
HYATT BEARINGS
TIMKEN BEARINGS
MORSE CHAINS
WHITNEY CHAINS
DUCKWORTH CHAINS
ATB THRUST BEARINGS

OTTUMWA, IOWA

Published by

**UNITED MOTORS SERVICE
INCORPORATED**

U. M. S. No. 63

REVISED TO
APRIL 15, 1930

HOW TO USE

By referring to chart on page 4, determine application of bearing desired.

Makes of cars are listed in alphabetical order.

Locate make, year and model of car for which bearing is desired. Then check applications until correct location is found. Number and make of bearing appear directly opposite.

HOW TO ORDER

The Branches and Authorized Bearings Distributors of United Motors Service are in position to supply New Departure Ball Bearings or Hyatt Roller Bearings.

Practically all United Motors Service Authorized Bearings Distributors are also in position to supply Tapered Roller Bearings.

Order by part number from a Branch or Authorized Bearings Distributor of United Motors Service.

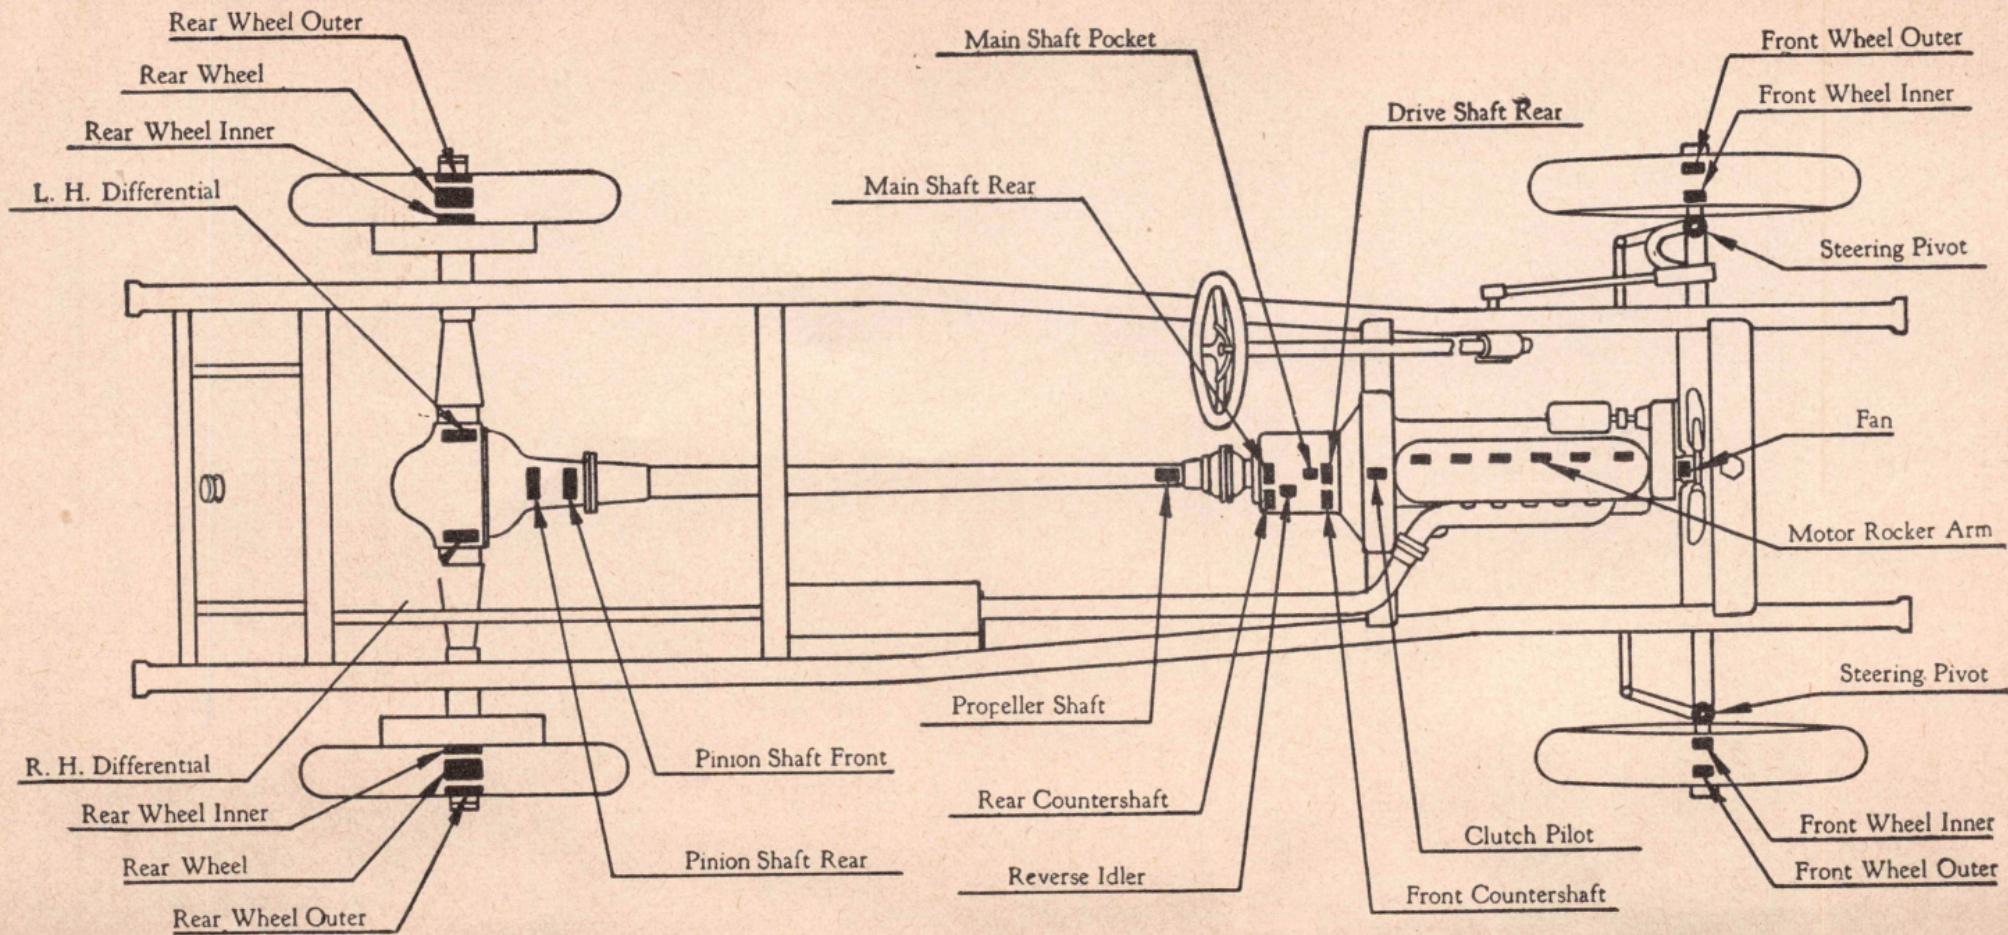

Service directories containing the locations of all Authorized Bearings Distributors will be gladly furnished by the nearest United Motors Service Branch upon request.

Any of the less frequently used bearings not listed in this catalog are found in the Master Catalogs supplied to each Authorized Bearings Distributor.

When ordering such bearings, be sure to describe accurately and in detail the bearing wanted. Using the listings shown in this catalog as a guide, follow the same form by giving the make, year, and model of the car on which used; the location of the bearing on the car—that is, where used. For example: "One bearing for Auburn; model 6-80; 1929; Pinion Shaft Front."

Prices for bearings listed in this catalog are contained in separate price lists, listing these parts numerically.

Since prices are subject to change without notice, the latest price lists covering parts shown in this catalog should always be used.

BALL and ROLLER BEARING DATA

(U. M. S. Catalog No. 205)

Six years ago, the first edition of this catalog was published. This edition, which is the sixth, is published in response to a demand existing *throughout* the trade.

The Contents

Thousands of copies of earlier editions of this catalog have been distributed. The demand for the catalog has steadily increased since the first edition—proof positive of the value of its contents to car dealers, garages and service stations all over the country.

This catalog has become indispensable to the servicemen of the country as it contains essential bearing data on more than 95% of the cars which they have occasion to service. In the catalog is a complete and conveniently arranged listing of bearings applications, including ball bearings, tapered roller bearings and straight roller bearings.

Car applications are given on the popular makes of passenger cars from 1924 up to and including 1930.

All ball bearing data is designated by the New Departure ball bearing number.

All straight roller bearing data is designated by the Hyatt roller bearing number.

Wherever possible all tapered roller bearing data is designated by the Timken roller bearing number.

Note: United Motors Service does not supply tapered roller bearings. These are listed so as to make this catalog a complete and convenient handbook on the most frequently used bearings.

Something to Think About

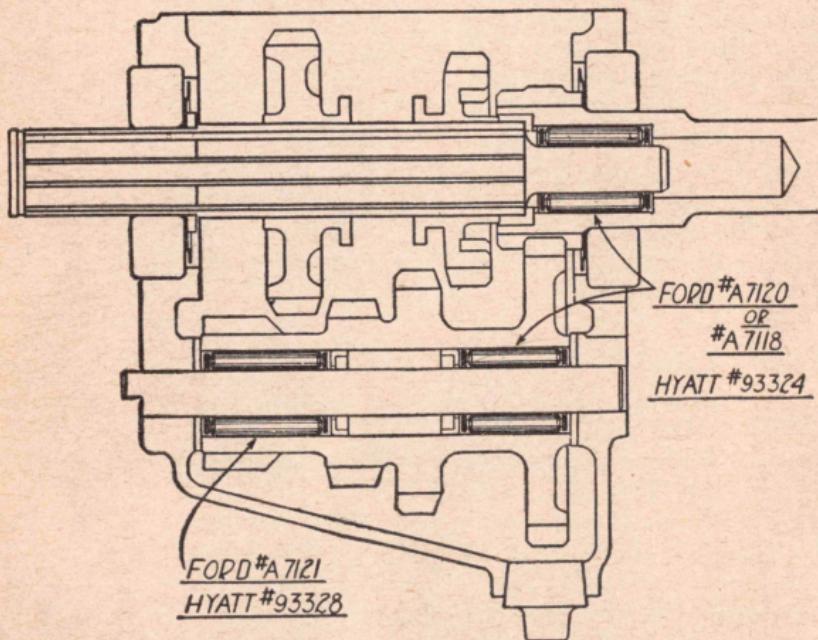

Trying to save a few cents on parts while doing a job often results in "comebacks." Save the car owner a second charge and protect your reputation.

HYATT ROLLER BEARINGS

for

Model A Ford Passenger Cars and Model AA Trucks

FORD MODEL A PASSENGER CARS

Position of Hyatt Bearings in Ford Model A Transmission. The Model A also uses a Hyatt Bearing and Sleeve on Pump Shaft.

FORD PART No.	HYATT PART No.	DESCRIPTION
A-7118	93324	Countershaft Bearing (Short)
A-7120	93324	Main Shaft Pilot Bearing
A-7121	93328	Countershaft Bearing (Long)
A-8530	94216	Pump Shaft Bearing
A-8535	4101	Pump Shaft Bearing Outer Race

FORD MODEL AA TRUCKS

Ford Trucks use Hyatt Bearings in same positions as Passenger Cars and also on pinion support position.

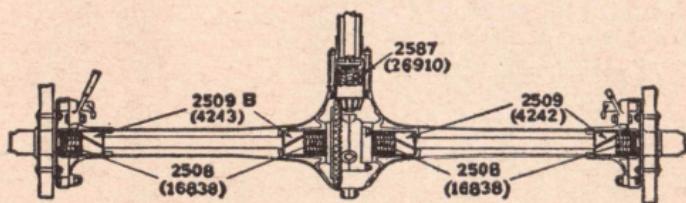

FORD PART No.	HYATT PART No.	DESCRIPTION
AA-7118	95540	Countershaft Bearing (2 per job)
AA-7120	99000	Main Shaft Pilot Bearing
AA-4628	OR-305	Pinion Shaft Support Bearing Outer Race
AA-4628	RA-305	Pinion Shaft Support Bearing Roller Assem.
A-8530	94216	Pump Shaft Bearing
A-8535	4101	Pump Shaft Bearing Outer Race

HYATT ROLLER BEARINGS

for

Model T Ford Passenger Cars and Trucks

FORD PASSENGER CARS

Position of Hyatt Bearings in Ford Rear Axle. Hyatt Nos. shown in parenthesis

FORD PART No.	HYATT PART No.	DESCRIPTION
2508	16838	Axle Shaft Roller Bearing
2509	4242	Axle Shaft Roller Bearing Sleeve (Right)
2509-B	4243	Axle Shaft Roller Bearing Sleeve (Left)
2587	26910	Drive Shaft Roller Bearing
2593	31025	Drive Shaft Roller Bearing Sleeve
2596	30028	Drive Shaft Sleeve

FORD TRUCKS

Ford Trucks use Roller Bearings and Sleeves on each end of Worm Shaft and on each wheel end of Rear Axle Shaft.

FORD PART No.	HYATT PART No.	DESCRIPTION
1019	16868	Axle Shaft Outer Roller Bearing
1020	4279	Axle Shaft Outer Roller Bearing Sleeve (R. H.)
1020-B	4280	Axle Shaft Outer Roller Bearing Sleeve (L. H.)
1046	16873	Worm Roller Bearing
1048	35053	Worm Roller Bearing Sleeve
